

Punting Trip

3rd June 2017

On Saturday 13th June, a few of our students took a trip punting from the Magdalen Bridge Boathouse!

The weather was beautiful, allowing us to enjoy this quintessential Oxford experience as we cruised down the River Isis. We even bonded with some ducks along the way!

After the punting trip was over, we took advantage of the beautiful weather and climbed to the top of the University Church of St Mary the Virgin and took in the stunning views.

The photograph of the Radcliffe Camera was taken by one of our students, Yuiko, and really demonstrates the splendour of Oxford, Oxfordshire.

Keep an eye on the term card, for more events like this in Oxford!
