Cherwell College Oxford specialises in helping 12-19 year old young adults achieve their highest qualifications in traditional subjects through a bespoke comprehensive academic programme, which will enable entry to the Russell Group Universities and the leading universities of the world.

We focus on a student as an individual: we **listen** to students and **learn** about their interests & ambitions. We are co-educational (*residential & day students*) and accept all religions and cultures. We enrol students with an EHCP plan from local authorities.

We help students to understand their options, decide on their direction and provide support to achieve their goals. We design a course of study and lesson plans that best reflect all these aspects. **Students are supported to help them develop as an independent young adult** who will be fully prepared for undergraduate studies.

Our aim is for students to progress to a leading university and onward to a career where they will be able to work independently for the benefit of themselves and those around them.

Our main policies: [Safeguarding & Child Protection Policy](#); [Relationships & Sex Education \(RSE\) Policy](#); [Remote Learning Policy](#); Admissions policy **can be found on our website** www.cherwell-college.co.uk **or click on the link.**
