

Cherwell College Oxford

International Immersion Programme

A Taste of British Education
in the heart of Oxford

www.cherwell-college.co.uk

Discover Oxford

The Home of Learning

Cherwell College Oxford's International Immersion Programme offers students aged 15+ an authentic taste of life and learning in the UK's most inspiring academic environment.

Experience the best of British education in the world-renowned University city of Oxford, where centuries of academic excellence meet modern innovation.

.....

About the Programme

Designed specifically for international students, the Immersion Programme blends **academic study**, **English language development**, and **cultural enrichment**. You will experience the rhythm of British independent education – from English lessons that strengthen your communication skills to engaging classes in a range of subjects such as Mathematics, Science, History, and Creative Arts.

Beyond the classroom, you will explore Oxford's cultural landmarks, connect with local students, and gain confidence in your academic and personal growth.

Why Choose Cherwell College Oxford?

1. Academic Excellence

Our curriculum – spanning English Language (ESL/EAL), Mathematics, Chemistry, Physics, Biology, History, Geography, Art, and Drama – is delivered by highly qualified tutors who teach according to British independent school standards. Small classes ensure individual attention and measurable progress.

2. Oxford Experience and Cultural Immersion

Study just steps away from the historic University colleges, libraries, and museums that have inspired scholars for generations. Walk the same streets as Nobel laureates, scientists, and world leaders while you study in the city often called the “world’s classroom”. Learn not only in the classroom but also through excursions, workshops, and interactive projects. Visit Oxford University colleges, the Ashmolean Museum, and the Bodleian Library, and take a day trip to London to see British culture in action.

3. English in Context

Daily contextual interaction with peers and tutors, alongside structured ESL/EAL lessons, helps you develop natural fluency and confidence, improving your communication abilities. Students master Academic & General English skills across academic and social settings, enhancing both accuracy and spontaneity.

4. Safe and Supportive Boarding

Stay in Cherwell House, our purpose-built residence in Oxford city centre. Enjoy a single ensuite bedroom, freshly prepared meals, and round-the-clock supervision by our residential welfare team – ensuring safety, comfort, and a sense of home.

Who can study on the International Immersion Programme?

The international Immersion Programme is designed for students in Years 11 to 13 (aged 15+) who aspire to enhance their academic performance and at the same time to immerse into British cultural environment.

If you are curious about the world and dream about broadening your horizons, particularly in subjects such as Mathematics, Chemistry, Physics, Biology, History, Geography, Art, and Drama.

If you would like to improve Academic & General English language skills through immersive, real-world experiences, the International Immersion Programme is your chance to achieve these goals via meaningful connections with ambitious peers from diverse backgrounds.
